Whenever you want to buy or sell anything, rent a room or house, or make an exchange of any article bear in mind that

The Daily Commercial

Will carry your message to thousands of people who may be "Good Prospects"

and that, too, at only a very small cost—

Only one-half cent per word per day—

when run as a classified advertisement, for at least six continuous insertions. One cent per word for single insertions only.

Think of what this really means. Estimating that the Commercial is read every day by approximately 75,000 persons, when you spend 50 cents for a want advt., it will cost you only

One Cent to Reach 1500 Persons

or one-fifteenth-hundredth of a cent for each person. Can you buy any kind of service in the wide world at such a small cost?

Thousands of people do a thriving business through the Commercial's want advertisements.

Advertisers desiring to reach the country districts of Eastern, Central and Northern Maine, the great Aroostook farming section, the lumbering, pulp and paper mill districts, and the eastern Maine Coast section, should use the great agricultural and news Weekly of Maine—

THE WEEKLY COMMERCIAL FARMER AND VILLAGER

Its mailing list shows a wonderful covering of the town, village and farming population of this extensive field not reached by any daily paper. Its circulation is entirely separate and distinct from that of the Daily Commercial. Combined, these two papers make the strongest advertising influence in Maine.

Bangor Street Directory

EXPLANATIONS AND ABBREVIATIONS.

Giving the location of the Streets, Avenues, Parks, Squares, etc., and showing what other streets and avenues run from them, or across them, with the number at which they intersect.

The system adopted for numbering the streets of Bangor is, that a person starting at the beginning of any street and following along with the numbers, every even number will be on the **left** hand and every odd number will be on the **right** hand.

This Street Directory indicates at a glance the proximate locality of any given number on any street, as for instance, if you desired to know about where No. 411 Main street is located, this Directory shows you that being an odd number, it will be found on the right hand side of Main street, and between Walter and Sidney streets.

Abbreviations—Av., avenue; ct., court; pl., place; rd., road; st., street; E. S., East Side; W. S., West Side; fr., from; Lt., Left; Rt., Right.

Building Economy
doesn't mean building
with the cheapest material
you can get; that's the
most expensive way in the
long run. You will find
it greatest economy to build
or repair with material
that will "stand up"
under most severe usage, and
give **longest** service and
satisfaction. It may cost more
to buy, but it costs
least per year
of service rendered.

WE'LL HELP YOU BUILD RIGHT

You'll find a big stock here,
with prices leaning YOUR way.

The Electric Servant

WHAT IT WILL DO IN ANY HOME THAT IS WIRED

It will sweep and dust carpets, rugs, floors, upholstery, drapings and clothing with a vacuum cleaner.

It will wash and wring the clothes with an electric washing machine.

It will dry the clothes indoors rapidly with the breeze from an electric fan.

It will iron the clothes quickly, economically and well with an electric iron—always hot and no running to the stove.

It will beat eggs, grind coffee or meat or turn the ice cream freezer or sharpen knives with a general utility motor.

It will keep any part of the house cool in summer with an electric fan.

It will provide an emergency radiator for bathroom or nursery.

It will make toast or griddle cakes on the table or boil the tea kettle or coffee percolator; or it will operate the chafing dish, waffle iron, or do any kind of cooking without fire or smoke.

It will run the sewing machine without effort.

It heats the baby's bottle and the shaving cup. It warms the bed, and offers a substitute for the hot water bag that never leaks nor grows cold.

It gives you light where and when you want it, without matches, odor, or smoke, and turned on from the most convenient point.

The Electric Servant does these things and a few dozen others without fuss or quibble, and it never quits nor demands more pay.

If your house is not wired you owe it to yourself in the interest of better living to have it done at once. We will obtain estimates of the cost without obligation on your part.

Ranges Stoves and Furnaces

give results that cannot possibly be obtained with carelessly made goods.

They are economical, because they are accurately fitted to control the draft —durable, because made of the choicest of new iron —convenient, because of their many special improvements.

Modern Fireside Comfort!

Picture in your Library this cheerful, comfortable, glowing Open Fire—always ready for the match—free from the trouble of carrying wood and ashes—free from smoke and sparks.

The Humphrey Radiantfire

has all the charm and fascination of the wood blaze—with the convenience of gas. It floods you with strong Radiant Heat and Firelight. It is cozy, cheerful, satisfying and ornamental. It is inexpensive and economical.

Come and see it!
