EASTERN STEAMSHIP COMPANY

THE oldest established Steamship Company in the United States, having commenced regular communication between Boston and the landings on Penobscot River in the year 1824, which it has maintained with constantly increasing facilities for more than 83 years.

During the Summer (or from the middle of May to the first of October) steamers leave Boston at 5.00 P. M., and Bangor at 2.00 P. M. daily, except Sunday.

Daily Service Commencing June 30 to September 8th

From October 1st until late in November, four passages a week are made; in the winter there are two steamers a week, and upon departure of ice in the spring, four trips a week are made.

The regular landings on Penobscot River and Bay are Bangor, Hampden, Winterport, Bucksport, Searsport, Belfast, Camden, Rockland, Stonington and Mount Desert.

All the steamers of the line are fitted and furnished with all the modern appliances for the comfort, convenience and safety of passengers.

Moderate rates for fares and freight have always been maintained; the officers and agents are noted for their courtesies to passengers and the line has always had the commendation of all along the route.
