For distances to any part of Bangor and Brewer see the quarter mile circles on our map in this Directory, having the Custom House building, at foot of State and Hammond streets for the center.

The legal passenger fares are as given in Chapter 17, Section 7, of City Ordinances, as amended Feb. 8, 1909, as follows:

FOR HACKS AND HACKNEY COACHES.

For carrying a passenger from one place to another in Bangor and Brewer, within the territorial area of a radius of one mile from the postoffice building in Bangor, not exceeding 50 cents; and for every quarter of a mile outside of said circle an additional ten cents. For children between the ages of four and fifteen years, if accompanied by an adult, half price for each child; if unaccompanied by an adult full fare may be collected for children; for children under four years of age, accompanied by parents or an adult, no charge shall be made.

For carrying passengers to and from the hotels and railroad depots and steamboat landings, not to exceed twenty-five cents each.

FOR PUBLIC CARRIAGES.

Not exceeding twenty-five cents for each passenger, and the same additional charges allowed for hacks, or fifty cents per hour for each passenger, when employed by the hour; between the hours of 9 P. M. and 6 A. M., regular hack rates may be charged, and when employed by the hour, 75 cents per passenger per hour may be charged; but such rates may be collected as may be mutually agreed upon between the owner or driver and the passengers between said hours. For all vehicles for carrying passengers to and from the fair grounds on days on which any public meeting or exhibition shall be held ten cents for each passenger.

Section 9 of Chapter 53. The price or rate of fare to be paid to the owner, driver or other person having charge of any hack or hackney coach for attending a funeral in this city and carrying passengers to any cemetery in said city and back to their homes, shall not exceed three dollars and fifty cents.

VALLEY AVENUE

BANGOR, MAINE

The Electric Servant

WHAT IT WILL DO IN ANY HOME THAT IS WIRED

It will sweep and dust carpets, rugs, floors, upholstery, drapings and clothing with the vacuum cleaner.

It will wash and wring the clothes with an electric washing machine.

It will dry the clothes indoors rapidly with the breeze from an electric fan.

It will iron the clothes quickly, economically and well with an electric iron—always hot and no running to the stove.

It will beat eggs, grind coffee or meat or turn the ice cream freezer or sharpen knives with a general utility motor.

It will keep any part of the house cool in summer with an electric fan.

It will provide an emergency radiator for bathroom or nursery.

It will make toast or griddle cakes on the table or boil the tea kettle or coffee percolator; or it will operate the chafing dish, waffle iron, or do any kind of cooking without fire or smoke.

It will run the sewing machine without effort.

It heats the baby's bottle and the shaving cup. It warms the bed, and offers a substitute for the hot water bag that never leaks nor grows cold.

It gives you light where and when you want it, without matches, odor, or smoke, and turned on from the most convenient point.

The Electric Servant does these things and a few dozen others without fuss or quibble, and it never quits nor demands more pay.

If your house is not wired you owe it to yourself in the interest of better living to have it done at once. We will obtain estimates of the cost without obligation on your part.

IMPORTANT

TYPEWRITING 1000 LETTERS

used to be a slow, tedious job in Bangor and eastern Maine until we installed a Multigraph duplicate typewriting machine in our office. Then the bulk of the duplicate typewriting of this section was turned over to us---and we've been doing more and more of it ever since.

You will find ours the ideal, economical service for issuing letters, postals, notices, etc., in any desired quantity from fifty up. We do it well (this page is an actual sample of the work), we do it quickly, and we certainly do it at a modest charge.

Our price-list, which you can have on request, gives all details. Write, call or telephone any time.

GAS SERVICE

DAY

or

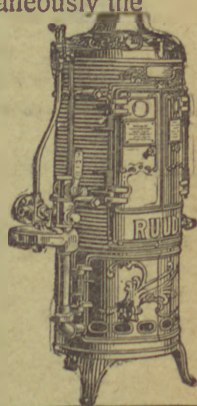

NIGHT

Here is hot water service for your home such as you've never dreamed of before. The

RUUD

Automatic Gas Water-Heater

is "always on the job"—ready any minute, day or night, to heat water steaming hot and send it rushing to any faucet you may open. There is no delay—no gas to light. The Ruud *awakens* at the turn of a faucet—lights its own gas—heats instantaneously the water flowing through its copper coils—extinguishes itself automatically when you close the faucet. The supply of hot water is inexhaustible—economical. Call in and see this wonderful device "self-operating." Attaches to the gas and water pipes in your cellar,
