MOTORING THRU MAINE

NINETEENTH EDITION

A description of principal highway routes, together with an alphabetical gazetteer of towns and place names in the State of Maine, including notes of interest on each, plus outstanding places to stop, eat and shop. A classified index of advertisers will be found on the next six pages.

It should be remembered that in Maine, as in most of New England, a "town" is geographically a "township", averaging some 36 square miles. Thus several village or town centers may be included in a named "town". Most such village centers, usually highway junctions, relate to the name of the town, but with the prefixes North, South, East, or West. In most such cases notation is made under the name of the Town itself. Village centers with names different from the town are separately listed.

It is assumed that motorists will be using any standard highway map of the State of Maine. The purpose of this booklet is purely informative, with the hope that its use will make for interesting and enjoyable trips through the State of Maine.

U. S. HIGHWAYS

U. S. ROUTE 1, KITTERY TO FORT KENT, 556 MILES.

Known as the Atlantic Highway from Key West, Fla., to Kittery, and the Blue Star Memorial Highway, in Maine. Route 1 follows the Maine coast from Kittery to Calais, then inland northerly through Washington and Aroostook Counties to its northern terminus at Fort Kent, on the St. John River and the Canadian Border. Lateral highways lead off to all other sections of the State.

U. S. ROUTE 2, GILEAD TO HOULTON, 279 MILES.

Northern U. S. cross-country highway, originating at Bonners Ferry, Ida., and terminating at Houlton, in southern Aroostook County, on the New Brunswick border. Traverses Central Maine hill and countryside areas to Bangor, thence northerly along the Penobscot River to Mattawamkeag, thence northeasterly to Houlton. Lateral highways north and south to all sections of the State.

U. S. ROUTE 201, BRUNSWICK TO QUEBEC LINE, 170.3 MILES.

Known as The Arnold Highway, runs from southern coastal Maine along the Kennebec River to The Forks. Thence northwesterly to Jackman, Moose River and the Maine-Quebec Border, continuing on Canadian Route 23 to Quebec City. Historic overland Indian and pioneer route between the St. Lawrence River and the Atlantic. Lateral highways east and west connect with all central and western Maine points.

U. S. ROUTE 202, EAST LEBANON TO BANGOR

From Wilmington, Del., 202 swings around Philadelphia through New Jersey and over the Hudson River on the Bear Mountain Bridge. Continuing through Hartford, Conn., and crossing Massachusetts to Concord, N. H., entering Maine from East Rochester, N. H. Traveling southwest to northeast, through upland farming and lakes regions to the Penobscot River at Bangor. Many lateral routes and local routes.

U. S. ROUTE 302, PORTLAND TO FRYEBURG, 55 MILES.

From Casco Bay northwesterly, through Sebago-Long Lakes region to lower Oxford County hill and farming areas. Lateral numbered routes and local roads to lakeshore and historic spots.

THE MAINE TURNPIKE

TOLL HIGHWAY, KITTERY TO PORTLAND, 45.1 MILES.

From traffic interchange east of Kittery. Keep right for U. S. Route 1, or bear left for four-lane divided toll highway, which has exit-access turnouts at Wells, Kennebunk, Biddeford, Saco, Scarborough Downs race track, South Portland and Portland. Stop at MAINE INFORMATION CENTER at route junction for complete information on Maine.

- BELFAST.** On Routes 1, 3, 137, originates Routes 7 and 141. On west shore Penobscot Bay, 27.4 miles north of Rockland. Shire city Waldo County. Halfway between Kittery, Calais, on Route 1. Beautiful coastal scenery. Historic old seaport city. Industrial, commercial, banking, shopping center for northwest Penobscot Bay area. Hotels, restaurants, tourist inns, cabins, gift shops, stores, service trades. Historic homes, public library. City Park, on bay shore. Poultry industry center. Maine Broiler Festival, July 10-11. Berry packing, sardine canning, small industries. Belfast-Moosehead Lake municipal railroad. County hospital. Airport. Settled 1769. Official Information Bureau.

Relief from Hay Fever

Maine is rapidly becoming known as a mecca for those suffering from hay fever.

Broadly speaking, places in the forested regions offer great relief and in many cases entire immunity is had, particularly in northern Oxford County and in the Rangeley region and the wooded country around Moosehead Lake. Probably anywhere up in the "Big Woods" region of Maine where grasses and pollen bearing weeds are not found can be confidently recommended.

Along the coast where the growth is principally coniferous, Monhegan Island, Newagen, Squirrel Island, Mount Desert Island, Petit Manan and Eastport are recommended.

Maine Climate Most Healthful In Nation

The U. S. Department of Commerce, Weather Bureau annual meteorological summary, says "Maine has the most healthful climate in the United States and equals any in the world, not only in the summer but also, contrary to popular belief, in the winter.

"Sunshine averages close to 60 per cent for the year and monthly averages vary little during the changes of seasons. Frequently the winter has more sunshiny days than the summer.

"It is a fact that southern Maine has more actual hours of sunshine during the summer months of June, July, August and September than the famous winter resorts of Florida, Georgia, Texas and California have during the winter months of November, December, January and February."

AN IDEAL HOME FOR TOURISTS

THE OLDE GRIST MILL

Established in 1749

KENNEBUNKPORT, MAINE

An historic and picturesque old mill, built by and continuously since owned by the Perkins family, and with the exception of minor repairs and the addition of cupola, is the same as when natives of the "port" sought refuge there from the Indians.

Inside this quaint old structure one finds much of fascinating interest . . . wide floor boards of Colonial days, hard hewn beams of ceiling supported by ship's knees, wooden inside blinds, true to style of 1740's, old scales, hopper, endless chain grist elevator, as first installed 204 years ago. Also a lovely old map of northeastern coastline as in 1821, with changes and corrections noted by Perkins millers thru the years.

TODAY, the Olde Grist Mill offers its Colonial atmosphere as a fitting place to serve delicious johnny cake and other old fashioned dishes that well express New England traditions and Maine hospitality.

The State and National Governments have in these Parks, forever set aside some 200,000 acres of public playground for the enjoyment of the people of Maine and their thousands of out-of-state visitors. All of them offer unsurpassed scenic beauties as well as a complete variety of camping and recreational facilities. For further information, write for the booklet, "Public Parks in Maine," published by the Maine Development Commission, or for information concerning the 180 Public Camp Sites maintained by the Maine Forest Service, ask for the pamphlet, "Maine Camp Sites."

Welcome to Maine

We, of the Maine State Police, welcome you to "Maine, the Land of Remembered Vacations."

It is our wholehearted wish that you will have a most pleasant visit in our state. We hereby pledge our best efforts to help you do so.

Maine has taken every precaution possible to make her highways safe so that you may return home safe and sound. In turn, we sincerely hope that you will assist us by observing the laws and regulations that were made to protect you and your fellow motorists.

Maine State Police officers never use their authority promiscuously, but only with the true desire to assist motorists in driving safely. You will not be warned or arrested unless you are doing something that not only jeopardizes your own safety but that of others. Our easily distinguished cars are equipped with sirens which are used to inform the motorist that he is to stop.

It is the wish of the Maine State Police that you have a happy and worthwhile vacation in Maine.
