VALLEY AVE. **BANGOR, MAINE**

The Electric Servant

WHAT IT WILL DO IN ANY HOME THAT IS WIRED

It will sweep and dust carpets, rugs, floors, upholstery, drapings and clothing with the vacuum cleaner.

It will wash and wring the clothes with an electric washing machine.

It will dry the clothes indoors rapidly with the breeze from an electric fan.

It will iron the clothes quickly, economically and well with an electric iron—always hot and no running to the stove.

It will beat eggs, grind coffee or meat or turn the ice cream freezer or sharpen knives with a general utility motor.

It will keep any part of the house cool in summer with an electric fan.

It will provide an emergency radiator for bathroom or nursery.

It will make toast or griddle cakes on the table or boil the tea kettle or coffee percolator; or it will operate the chafing dish, waffle iron, or do any kind of cooking without fire or smoke.

It will run the sewing machine without effort.

It heats the baby's bottle and the shaving cup. It warms the bed, and offers a substitute for the hot water bag that never leaks nor grows cold.

It gives you light where and when you want it, without matches, odor, or smoke, and turned on from the most convenient point.

The Electric Servant does these things and a few dozen others without fuss or quibble, and it never quits nor demands more pay.

If your house is not wired you owe it to yourself in the interest of better living to have it done at once. We will obtain estimates of the cost without obligation on your part.
