Annual Reports

1954

Our Purpose

The purpose of the Bangor Public Library is to preserve and disseminate knowledge and thought as recorded in print; to provide recreation through print; and to provide a maximum of assistance to its clients in the use of its collections. We are a general library yet we are also a library of record. We aim to provide printed material on all subjects likely to be of concern or interest either to present or potential users of whatever age or education. We recognize the scholarly resources of our neighbor library of the University of Maine and are interested that each library shall complement the other. Within the library building the use of the collections of the Bangor Public Library is free to all comers. The home-use privileges are free to all residents of Bangor and to whoever, regardless of place of residence, works, goes to school, or pays taxes in Bangor. To others they are available for a fee.

This bronze tablet, which occupies a prominent position in the foyer of the library, is for the purpose of recognizing with gratitude income available for the general maintenance costs of the library. On it are entered the names of the funds so designated and the income figures in round totals. New names are added as new funds are received. The sources of income for the purchase of books are appropriately acknowledged with equal gratitude by individual bookplates affixed in every book.

Report of the Trustees of the Hersey Fund

Bangor, January 25, 1955

To the City Council of the City of Bangor:

The Trustees of the Hersey Fund submit their annual report. They have received from the City Treasurer the sum of four thousand (\$4,000.00) in quarterly payments, which have been paid to the treasurer of the Board of Managers of the Bangor Public Library.

They also submit, herewith, the annual reports of the librarian of the Bangor Public Library, the treasurer of the Trustees of the Bangor Public Library, and the treasurer of the Board of Managers of said library.

Report of the Librarian

January 25, 1955

To the Board of Managers of the Bangor Public Library:

The library needs more room to put books. That is our principal problem.

The process of discarding books no longer as necessary as they once were cannot be stepped up further. The makeshift of constantly moving books in the storage area, as more books are received, has gone as far as it can. The makeshift of adding shelves in the corridors—a most inconvenient arrangement—is nearly exhausted. The distribution of books to users has developed to a very high level. A simple addition to our book storage area is the answer to our need.

This is not news to any of us associated in the management of the library. The approach of the suffocation point in the book storage area has been chronicled in the annual reports for the past nine years. When we can find \$100,000 for construction our difficulty will be solved. That figure would give us storage space for thirty-six years.

We own 297,788 books. This is 9.43 books per capita. We have 15,282 registered borrowers. This is 49% of our population. We make books available for issue not only from our central library building and music branch, but also from 185 distributing points in schools, hospitals, and other institutions. In the year 282,760 books were taken home by borrowers. That is 8.96 per capita, or 18.48 per registered borrower.

Thirty-six per cent of the books borrowed were for children; 35% were adult fiction; and 29% were adult non-fiction. Ten years ago these percentages were very different: juvenile 25%, adult fiction 51%, and adult non-fiction 24%.

Though the over-all use of books throughout the city de-

creased 6,302 (2.2%) during 1954, as compared with 1953, the use from the central library of adult books, principally non-fiction, for fiction showed a drop, increased 1.6%. The 3.6% drop at the central library in children's books and the 0.1% drop in adult fiction both of which classes are to a large extent recreational reading, are only what one might expect as television gains in coverage. Some librarians, elsewhere, attribute their decline in adult fiction to a dearth of highly compelling books. There is such a dearth. Children's books are of high quality and the quality shows no decline.

Biography was the only class of adult non-fiction to decline in Bangor. All other classes gained. The largest percentage gains were in languages (18.4%), history (17.8%), the social sciences (16.6%), religion (16.4%), description (15.5%), and useful arts (9.6%). Whether these gains show increased interest or better books in these areas of knowledge seems impossible to say.

The answers to 11,034 various questions were looked up by the staff of the reference department. The Tello-Test radio program accounted for another 16,140 questions answered by telephone. The reference department is working on an index to the *History of Penobscot County*. It is compiling a series of papers on subjects of frequent inquiry, such as the Salmon Pool, the *U.S.S. Maine* monument, the Peirce Memorial, the water department, the lobster industry, and the Hannibal Hamlin statue.

The opening of the Fruit Street School added 18 school-room boxes to the 162 sent out by the extension department. The purchase of 26 hinged-cover schoolroom boxes made to order by a carpenter, added considerably to our costs.

The job of waterproofing the exterior brick and artificial stone trim of the building and repointing old mortar, being carried out by the A. C. Horn Corporation in installments, as funds permit, was advanced by repointing all the stonework of the Harlow Street entrance. Other jobs carried out by contractors were five new thermostatic radiator valves; resur-

facing the children's porch and the staff entrance; asphalt tile floors in the fiction room, basement hallways, and trustees' room; repainting the trustees' room and installing new light fixtures there; telephones in the trustees' room and reference room; re-erecting the flagpole blown down in November 1953; repair of waterclosets in the men's public toilet and janitor's room; and a new intake pressure valve.

Our superintendent of the building and the janitorial staff carried out other repair and improvement items: painted the office; waterproofed the copper roof; reputtied windows and rebbed glass in the front windows; pointed the stone steps at the children's sidewalk; painted the extension department workroom; painted the men's toilet; varnished furniture in the reading room; erected steel shelves for the overflow of books; and cultivated the lawn shrubbery.

Important new equipment was acquired: a Recordak film reader model MPE; three all-steel office desks; a typewriter desk of steel; two typist chairs; additional shelving for periodicals in the reading room; a photocopier; a portable typewriter for the children's department; and two reading chairs.

Of five resignations from the appointed staff three were occasioned by married women leaving to accompany their husbands elsewhere. Two were to accept positions elsewhere. Of these, one was Charlotte M. Torrey, who had been a staff member since 1943 and chief of the extension department since 1948 and whose work was much valued. She became librarian of the Bangor Theological Seminary. Her work as chief of the extension department has been taken over ably by Ruth E. Dole who has been a staff member since 1938. We have 30.02 employees in full-time equivalent. The number is not large when one remembers that the library is open 72 hours a week. This, with a five-day, 39-hour week, means nearly two complete crews. Then too, the collection of 297,788 books needs a lot of keeping in order.

The death of John M. O'Connell Jr., on November 19,

1954, deprived the library of the further services of a member of the Board of Managers and Trustees who, though he had served only since 1950, had contributed much to the management of the library. He was a member of special committees on an insurance problem and on the retirement system and he was also a member of the regular committees on Insurance and Property Values and on Buildings and Grounds. In this latter capacity his vision for the enlarged building that we need contributed strongly to the probability of its eventual acquisition. As librarian I mourn the death of a valued friend and advisor.

A notable event for the library was the gift by Margaret Matson McIntosh (Mrs. A. F. McIntosh) of a painting by herself of Hannibal Hamlin of Bangor at the time he was Vice-President of the United States. Such a portrait has long been needed. J. Palmer Libby of Bangor and the First Marine Division gave his painting "Spring in Munsan" and Frank Nanartonis of Bangor and Positano, Italy, gave his "Sad Song." All are displayed in the Bangor Room.

Respectfully submitted,

L. FELIX RANLETT, *Librarian*

Edward Ellison Fund, administered by the Bangor Mechanic Association, principal \$10,000.

Report of Independent Public
Accountants

*To the Board of Trustees and the Board of Managers
of the Bangor Public Library:*

We have examined the statements of cash, investments and fund capital of the funds administered by the TRUSTEES OF THE BANGOR PUBLIC LIBRARY (a Maine corporation) as of December 31, 1954, and the related statements of income and expenditures and changes in fund capital for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying statements present fairly the cash, investments and fund capital of the funds administered by the Trustees of the Bangor Public Library as of December 31, 1954, and the income and expenditures and changes in fund capital for the year then ended.

The City of Bangor and The Bangor Public Library

In 1954, 74% of the entire ordinary cost of the library was met by the income of the trust funds described on pages 3-5 of this report, 3% was met by fees and fines, and the remaining 23% was supplied by appropriation by the City of Bangor under the provisions of section 6 of chapter 19 of the city ordinances: "For the purpose of maintaining a free public library and hereafter provide for the necessary expense of such maintenance, there shall be annually appropriated by the city council under the title of 'Library Fund' a sum sufficient to meet the estimated current expense of maintaining such library for the benefit of the public; such appropriation to be in charge of and expended under the direction of the trustees of the Hersey Fund." These provisions are the result of the contractual relationship between the city and the library set up in (1) the agreement of the city and the Bangor Mechanic Association ratified June 5, 1883 and (2) the action in 1904 under which the library discontinued membership charges to borrowers to become a free public library and the city assumed the necessary expense of maintaining such a library for the benefit of the public.
