PURE MEDICINES.—The public are hereby cautioned against impure medicines, as every artifice is being used to force imitations upon the sick. Dealers in medicines especially, are warned against selling an imitation of "L. F." Atwood's Bitters, put up in same style of bottle. The true article always bears the signature of "L. F." Atwood, as well as the trade mark L F in Red Ink, large letters.

N. B.—Parties ailing the sale of the imitation are liable to immediate arrest.

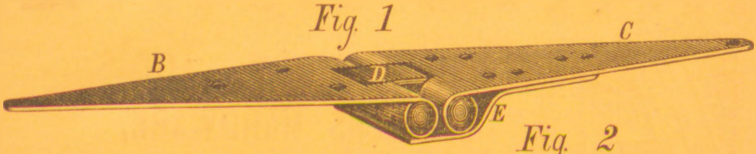

Fig. 2

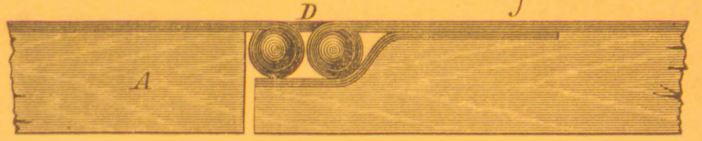

Fig. 3

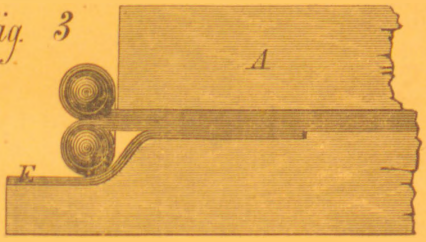

Fig. 1 shows the device in perspective; Fig. 2 is an edge view with the door, A, closed, and Fig. 3 a similar view with the door open. Referring to all three engravings, B and C are the straps of the hinge, on which are formed eyes, which tightly enclose the pivot pins. D, shown more clearly in Fig. 1, is a clasp, which is received in the openings cut in the parts of the straps which form the eyes, and the ends of which are bent around and move freely upon the pivot pins. It will be seen that a double joint is thus formed, whereby the hinge when extended as in Fig. 1 presents on its upper portion a uniformly flat surface. E is a plate attached firmly to the strap C, and projecting under the eye of the strap, B. Its object, as shown in Fig. 2, is to receive and support the inner edge of the closed door. Fig. 3 plainly represents the location of the different parts with the door open, and also shows the movement of the hinge in permitting the door to be thrown flat back, the clasp, D, working freely around the pivot pins, and eventually assuming with the latter a perpendicular position.

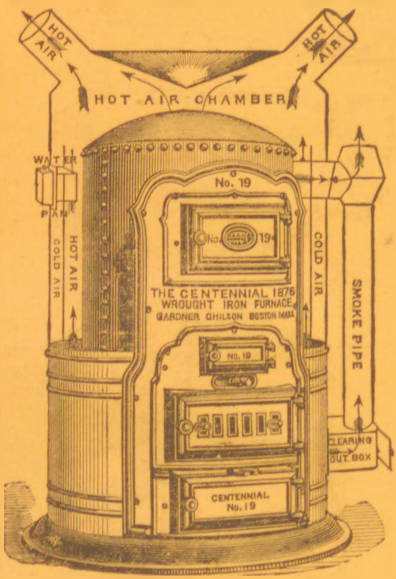
CHILSON'S

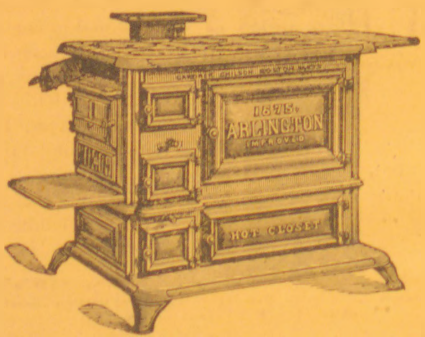
Wrought or Plate-Iron Furnace.

1876,

THE CENTENNIAL.

This superb furnace will show the greatest improvements yet made in wrought or plate-iron furnaces, including CHILSON'S Anti-Clinker Grate, decidedly the best plan ever seen for removing clinkers and keeping a continuous fire, ensures a large *saving in fuel*, and simplifies and lessens the work of attending the furnace. It has my Sifting Grate, which moves on rollers and dumps. It will show at a glance the most beautiful mechanical style and superior workmanship ever seen in a wrought-iron furnace. The wrought iron I have made to order of the best quality of stock. They are warranted gas-tight. Forty years of thorough practical and mechanical experience in the invention and manufacturing of furnaces in their various forms of wrought and cast iron, enables me to know how a furnace should be made to accomplish the best results, give the purchaser perfect satisfaction, and save the money which is frequently worse than thrown away on furnaces got up by those having no mechanical skill or practical knowledge of the business. Sizes suited to all classes of buildings, *set either in brick-work or portables in double sheet-iron casings.*



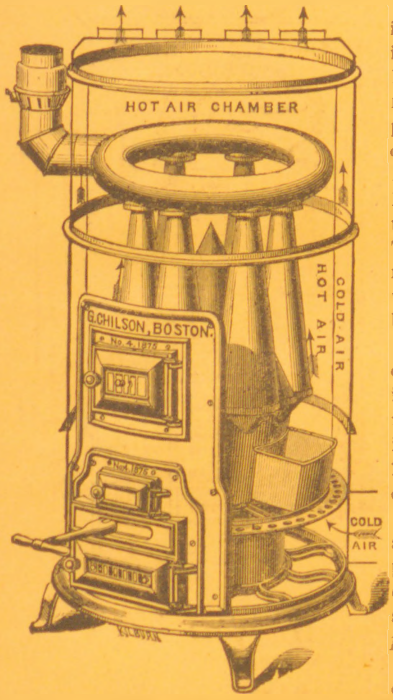


THE ARLINGTON,

MY ENTIRELY NEW AND GREATLY IMPROVED PORTABLE RANGE, 1875.

No housekeeper in want of a Portable Range should fail to see this splendid range. It has all the modern improvements suited to a strictly first-class range.

CHILSON'S
STANDARD
CONE FURNACE



Special attention is directed to the important improvements made in 1875 in my well-known STANDARD CONE FURNACE, including my ANTI-CLINKER GRATE, the most important improvement ever made for removing clinkers and keeping a CONTINUOUS FIRE, also ensuring a large SAVING IN FUEL. It also simplifies and lessens the work of attending the furnace. This celebrated furnace has had no rival since its first introduction, and with the improvement of 1875 it will be more appreciated than ever before. From the day this furnace was introduced into the market the demand for it has been constantly increasing, until there were about thirty thousand in use before the improvements of 1875 were made. Sizes adapted to all classes of buildings.

This furnace has received two GOLD and several SILVER MEDALS, first premiums, and the only Gold Medal ever awarded to any furnace in Massachusetts. *Set either in brick-work or portables in double sheet-iron casings*

With this full line of wrought and cast-iron furnaces, I am enabled to offer inducements to purchasers of furnaces which cannot fail to give perfect satisfaction both as to quality and price.

Also, my ARLINGTON BRICK SET COOKING RANGE, with all the new and best improvements; this is the most substantial and splendid range ever seen in any kitchen.

Also, COOKING AND PARLOR STOVES, GRATES, etc., etc. Special attention given to putting up Furnaces and Ranges in any part of the country.

NOTHING BUT WHAT IS STRICTLY FIRST-CLASS WORK IS MANUFACTURED BY ME.

42.73 per cent of the Company's entire income since its organization has been retained as Premium Reserve and Surplus, to meet future liabilities.

42.50 per cent has been returned for Death Losses, Dividends, etc., to living policy-holders, and for surrender values.

16.28 per cent only has been used for expenses of management, including taxes, commissions, etc.

.49 or less than one-half of one per cent was paid for interest on Capital before its retirement, and for Re-insurance.

It is a purely Mutual Company. Its Premiums are low, and may be paid annually, semi-annually, or quarterly. Its Policies are non-forfeitable. Its Assets are large. It is economically managed. It pays its losses promptly. It insures only first-class lives. Its mortality experience has been exceedingly favorable. Its interest receipts are more than sufficient to pay its losses or expenses. Travel and residence are substantially unrestricted. It has been in successful operation twenty-six years. Its solvency is beyond question. It pays back to its policy-holders every dollar of surplus premium annually, after the second year.

PREFACE.

More than two years have elapsed since the last DIRECTORY OF BANGOR was published, and the many changes in business and residence of the citizens makes a new edition very much needed; in fact the recent renumbering of the buildings on many principal streets, renders the edition of 1873-4 of very little use at the present time.

We have endeavored to present a trustworthy record of the inhabitants, business firms, public officers, institutions and societies of Bangor and Brewer, and we trust we have succeeded in so doing, to the satisfaction of our patrons and the public generally.

We have been engaged in compiling and publishing Directories for nearly twenty years, and our experience during that time has enabled us to so systematize and extend our business, that, from a comparatively small beginning we now publish more Directories than any firm in this country, and probably in the world. We keep constantly employed, a large corps of canvassers, compilers, proof-readers, printers and binders, and the utmost care is taken in each department to avoid errors, and present our works in an acceptable manner to our patrons.

We solicit the coöperation of the business men, in giving us the support which we must have to enable us to do justice to the city represented, as well as to ourselves.

Many thanks are due to those live business men who have so willingly aided us in our efforts this year, and hoping we may merit a continuance of the same in the future, we remain,

Very respectfully,

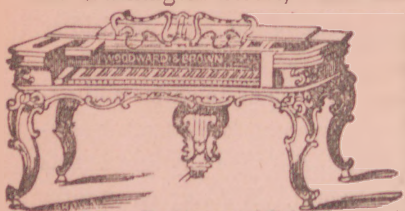
PIANOS

AT GREAT BARGAINS.

WOODWARD & BROWN

Have Removed to the Large and Elegant Warerooms,

690 Washington Street, a few doors North of Kneeland Street.



The remarkable beauty and purity of sound that modern skill has succeeded in producing, are nowhere better exemplified than in the instruments that crowd our warerooms. All the qualities that give superiority, strength of tone, sonorousness, ability to stand in tune, and ease and flexibility of action, are found there in perfection. These Pianos have long been famous, also, for thorough workmanship and the durability that characterizes them. After years of service, the full, mellow tone, so delightful and satisfying to the ear, is as perfect as at first, and in every detail care and nicety in labor are evident.

At the recent Worcester County Exhibition they were awarded the highest premium. The same was the case at the last great Exhibition and Fair of the Massachusetts Charitable Association, held in Boston, of which the late Jonas Chickering was the president, and his pianos took the second prize. They will stand in tune longer than any other piano manufactured, as we make a specialty of that point.

Pianos sold on Instalments. Old Pianos taken in Exchange for New. Pianos to let. Pedal Pianos. Tuning and Repairing done in the best manner. DON'T FORGET THE NUMBER,

690 Washington Street.

THEOLOGICAL SEMINARY.

This institution was incorporated under the name of the Maine Charity School, in 1814. In 1817 it went into operation at Hampden. In 1819 it was permanently located at Bangor. Its object is to provide the means of a thorough professional education to ministers, and is open to Evangelical Christians of every denomination.

Candidates for admission must have been regularly educated at some respectable College or University, or otherwise have made literary acquisitions which, as preparatory to Theological studies, are substantially equivalent to a liberal education.

The number of students varies from 40 to 60. Whole number of Alumni, about 500. The library contains more than 13,000 volumes.

The Anniversary is on the first Wednesday in June. There is but one vacation in the year, commencing at the Anniversary, and continuing fifteen weeks. The proper time for admission to the Seminary is the first week in the Academical year, which commences fifteen weeks from the Anniversary.

PROFESSORS.

Enoch Pond, *President.*

Daniel Smith Talcott, Hayes Professor of Sacred Literature.

John S. Sewall, Fogg Professor of Sacred Rhetoric, and Pastoral Duties.

LETTER CARRIERS.—All letters are delivered free by carriers when addressed to street and number. People should inform their correspondents of above and have their letters addressed accordingly.

Persons leaving their address at the General Delivery can also have their letters sent, but it is much more convenient to have the street and number on, and they will be delivered *earlier* than if the same is put on at the office. Carriers make two deliveries daliy, the first trip supplying the extremes of their routes.

Collections are made morning and evening in season for important mails—the down town boxes fifteen and the up town boxes thirty minutes before closing mails at the office.

Holidays and Sundays the Carriers window will be open for the delivery of letters from 8½ to 9½ A. M. Also, open evenings from 7¾ to 8½ P. M.

☞ Any irregularities in the Carrier's department should be reported at the office.

MONEY ORDERS.—Especial attention is called to the Money Order system, as a safe and cheap method of transmitting small sums through the mails. Orders are issued in sums of not more than fifty dollars. Larger amounts can be transmitted to the same person, at the same time, by additional orders.

RATES.

On ordes	not exceeding $15,	10 cents.
"	over $15 and not exceeding $30,	15 cents.
"	over $30 and not exceeding $40,	20 cents.
"	over $40 and not exceeding $50,	25 cents.

Money Orders can also be obtained on England, Ireland, Scotland, Wales, Switzerland, German States and Canada.

Never put money in a letter—always procure a Money Order.

If money is to be remitted, a Postal Money Order should be obtained. If upon points where there is no Money Order Office, then the letter should be registered. Money should never be enclosed in an ordinary letter.

Office Hours.—From 8 A. M. to 6 P. M.

REGISTRY DEPARTMENT.—All valuable letters should be registered, unless a Money Order is obtained. Under the present system of registration, letters are transmitted with perfect safety

Letters may be registered by paying postage in full, and a registration fee in stamps, for—

United States,	10 cents.
Great Britain and Ireland,	10 cents.
Canada, New Brunswick and Nova Scotia,	10 cents.
Germany and German Austrain Postal Union, embracing the German and Austrain States,	10 cents.

Letters *cannot* be registered to France, Spain, Portugal, Belgium or Holland.

Office Hours.—From 8 A. M. to 6 P. M.

POSTAGE TO GREAT BRITAIN AND IRELAND.—Postage on book packets, including printed papers of all kinds, maps, plans, prints, engravings, drawings, photographs, lithographs, sheets of music, &c., and patterns or samples of merchandise,—including seeds and grains,—as follows:

Not over 2 ounces, 2 cents.

Over 2 ounces and not over 4 ounces, 4 cents.

Over 4 ounces and not over 6 ounces, 6 cents.

Newspapers, 2 cents each.

POST-OFFICES.—North Bangor, W. M. Davis, *Postmaster;* East Bangor, S. O. Lilley, *Postmaster;* Six Mile Falls, O. D. Stockwell, *Postmaster.*

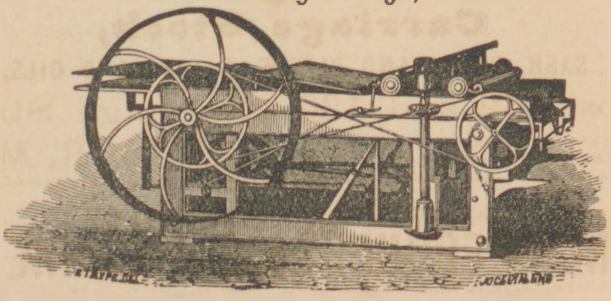
SAMUEL S. SMITH & SON,

FINE JOB PRINTERS & COMMERCIAL STATIONERS,

No. 9 Kenduskeag Bridge, BANGOR.



It gives us pleasure to inform you, that owing to the rapid increase of our business, we have been obliged to move our establishment to more convenient quarters, having leased Store No. 9 Kenduskeag Bridge, and added to our facilities a beautiful steam engine. Now being on the GROUND FLOOR, we have the most complete and convenient Printing Office in the State. Our stock of type has been thoroughly overhauled and renovated, all the old and worn-out styles sold, and replaced by many new and popular styles not to be found elsewhere. We have the largest variety of Fine Colored Papers and Card-boards for Fine Circular Printing ever offered in the State, and are constantly making additions.

FINE JOB PRINTING. We respectfully request all our friends to call and see our office and examine our specimens, feeling confident that we can suit the most fastidious as to style and price. Fine Color Printing is our specialty, and we shall endeavor to keep up the reputation our establishment has acquired for this class of work.

All Orders promptly attended to.

—OF THE—

SISTERS OF MERCY,

Newbury Street, Bangor, Me.

This spacious and beautiful Institution is located in a very healthy part of one of the first and most prosperous cities of the State. It offers superior attractions to parents desirous of giving their children a solid and refined education. They may be assured that every necessary attention will be paid to the health and comfort of the pupils. The utmost care will be taken to cultivate their moral and religious principles, which alone renders education profitable in after life.

The Educational Course comprises every useful and ornamental branch suitable for young ladies. Difference of religion will not be regarded in the admission of pupils who are willing to conform to the general regulations.

The Scholastic Year is divided into two sessions, the first of which commences on the first Monday of September. No entrance fees.

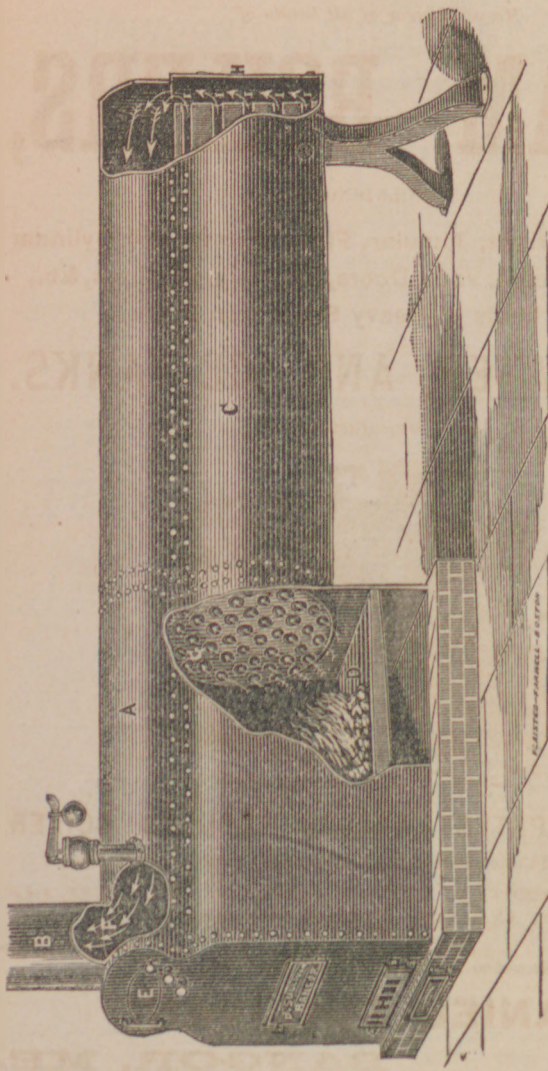
SULLIVAN'S

LATEST IMPROVED

Locomotive, or Fire Box Steam Boiler.

Requires no Brick in Setting; adapted for Portable Engines.



The above Boilers are made of the best quality of Bay State Charcoal Iron, and tested to 150 lbs. cold water pressure before leaving the shop.

It will be seen by reference to the cut that this form of Boiler has nearly double the amount of Heating Surface than the common Locomotive form of Boiler. A represents the Steam Dome or Superheater, running the whole length of Boiler, surrounded by the return fire from Boiler Connection IIIII into Smoke Stack B, thence to chimney. C shows the Cylinder of Boiler; D, Fire Box and Man-hole Plate; E, front end of Boiler; G, front Tube Sheet; H, rear of Back Connection, and IIIII Back Connection Tube Sheet. This Boiler has larger steam and water capacity, requires less care in tending, takes up less room, and will warrant it to make steam with 25 per cent less fuel than the common Locomotive form of Boilers.

For Circular or Price-list, address

DANIEL SULLIVAN, Bangor, Maine.

Allan Line of Steamers.

SHORTEST SEA ROUTE ACROSS THE OCEAN.

The first-class full-powered Mail Steamers of this line, for Liverpool, touching at Londonderry, leave Quebec every Saturday morning in summer, and from Portland every Saturday afternoon in winter.

The Mail Line from Halifax sails every alternate Tuesday noon for Liverpool, touching at St. John, N. F., and Queenstown, I.

The Glasgow Line sails from Quebec every Thursday. The route from Quebec is the safest and best across the ocean, it being, for about one-third the passage, inland navigation, amidst the bold and magnificent scenery of the River and Gulf of the St. Lawrence, reducing the actual sea passage by this ocean ferry to less than six days from land to land. This track across the ocean, being north of and away from that of the great fleet of ocean steamers and sailing ships constantly crossing the banks of Newfoundland, between Europe and the United States ports, it practically averts the great danger of collision on the ocean.

CABIN PASSAGE—Portland to Liverpool, $70.00 and $80.00, Gold, or its equivalent.
" " " " Glasgow, $60.00, Gold, or its equivalent.

Steerage, outward and prepaid, to and from Liverpool, Glasgow, London, Londonderry, Queenstown, Cardiff, Bristol, Belfast, Hamburg, Havre, Antwerp, Rotterdam, Bremen, Paris, Norway, Sweden, and Denmark, at the lowest rates.

Return tickets issued at reduced rates.

MANUFACTURERS AND IMPORTERS OF

SURGICAL and DENTAL INSTRUMENTS,

Besides a complete assortment of articles intended for the exclusive use of the Medical and Dental professions, have always in store, at the lowest prices, a great variety of the following articles, suited to the wants of the general public:—

TRUSSES.

A large assortment of best patterns from which to select, to meet the requirements of each case. If convenient, persons requiring Trusses should call at our establishment, where they can have a suitable Truss carefully fitted by a competent and experienced person familiar with the anatomy of hernia. When a call in person is impracticable, a careful description should be sent, stating whether the rupture is on the right or left side; also the measure around the person, two inches below the top of the hip bone. If the rupture is at the naval, the measure should be around the body at the naval. N. B.—Ladies attended by those of their own sex.

ELASTIC HOSE,

For Varicose Veins, Swollen Limbs, and Weak Joints. Of these goods we have several classes of silk and cotton, possessing different degrees of elasticity, the stout silk being usually the most satisfactory. The sizes are full length (of leg), three quarters, half or knee hose, knee caps, and anklets. Unusual sizes made to order. Also,

Elastic and Spring Abdominal Supporters, Shoulder Braces, Suspensory Bandages, Apparatus for Weak Ankles, Bow-Legs, Club-Feet, Etc. Also, Crutches of various and most improved kinds; Syringes, Rubber Urinals, to wear on the person day or night, for Males and Females; Galvanic Batteries, Hearing Trumpets, Auricals and Conversation Tubes for the Deaf.

Together with many articles for the use of the SICK and INVALIDS. Also, the largest and best assortment of

Atomizers and Nasal Douche,

To be found in the United States. A GOLD MEDAL has lately been awarded us by the Middlesex Mechanics Association, as will be seen from the following report, signed by a leading New England Surgeon and Physician:—

"1503. CODMAN & SHURTLEFF, Boston, Mass. One Case Surgical Instruments and Atomizers.

"The Committee have no hesitation in awarding for this superb exhibition the highest premium. * * * The various other instruments for inhalation of atomized liquids, and for Local Anæsthesia, were all apparently faultless, both in design and workmanship. The exhibitors are regarded as more especially deserving of the highest token of merit for having produced nothing except their own manufacture.

GOLD MEDAL. (Signed), GILMAN KIMBALL, M. D., Chairman."

THE AMERICAN
SEWING MACHINES

Are in advance of all Competitors

In valuable improvements and points of excellence which have never been attained by other machines. They have stood the test of the severest criticism, as well as the most malignant abuse from rival agents, who have done their utmost to prevent the introduction of a Machine so

SUPERIOR IN ALL ITS PARTS,

And which possesses such valuable and important improvements.

The American Machines have won for themselves unstinted praise and unparalleled success in the comparatively short time they have been before the public; and the Company is constantly receiving the most substantial and satisfactory assurances that their peculiar merits and great advantages

OVER ALL OTHER MACHINES

Are being fully appreciated. Their advantages are positive and unequivocal. They suit all kinds of work. Are never at fault on any material.
