WHAT IS WHITE BRONZE?

It is the trade name given to refined and purified zinc, the surface finished with the sand blast, and used for making monuments, statuary, and other works of art.

Why is it called "White" Bronze? To distinguish it from copper or antique bronze. Its actual color is *light gray*.

DURABILITY OF WHITE BRONZE ATTESTED BY EMINENT SCIENTIFIC AUTHORITIES.

"Pure cast zinc, in my opinion, will last for ages."

PROF. B. F. CRAIG,
Analytical Chemist for the Government of the United States,
Washington, D. C.

"Will resist the chemical effects of the atmosphere for all time."

WATT'S DICTIONARY OF CHEMISTRY.

"For durability and beauty they are all that can be desired."

F. L. BARTLETT,
Assayer of Metals for the State of Maine.

"We believe these monuments to be equally enduring as the dark or olive bronze which has withstood exposure and the action of the elements for ages."

MESSRS. FALKENAU & REESE,
Assayers of Metals for the State of California.

"No other material is so well fitted to withstand the atmospheric changes, its oxide being a perfect protection from any change. Judging from a scientific and chemical standpoint, it is my opinion that these monuments will last thousands of years."

S. P. DUFFIELD, PH. D., M. D.,
Emeritus Professor, Detroit Medical College,
Dearbornville, Mich.

"I consider the White Bronze Monuments practically indestructible. They will not blacken or become dingy with age; moss will not adhere or grow upon their surface as upon marble, and the color will remain unchangeable while the monuments endure."

S. P. SHARPLES,
State Assayer of Metals for Massachusetts.

Greenwood Cemetery, Brooklyn, N. Y., the largest and one of the best cemeteries in the United States, uses White Bronze for marking the boundaries of lots. They have already ordered over fifteen hundred corner blocks.

White Bronze Path and Avenue Signs have been furnished Cypress Hills Cemetery, Brooklyn, N. Y., and Kensico Cemetery, New York.

White Bronze was adopted for the large and beautiful doors of the receiving tomb of Moravian Cemetery, Staten Island, N. Y. (the pride of the Vanderbilts), also for the crypt fronts in the tomb.

St. Francis Xavier Cemetery, Weymouth, Mass., has beautiful White Bronze doors for their receiving tomb.

The Colebrook Cemetery Association, Colebrook, Conn., have ordered 269 of our No. 9 corner blocks for marking the lots in Colebrook cemetery.

R. A. Leonard, Superintendent of Bay View Cemetery, Atlantic Highlands, N. J., has ordered a White Bronze monument for his own family plot.

The whole department will respond in all cases to the third alarm.

One stroke of the bell when the department is in service is a signal that more hose is wanted and the hose company nearest the box will immediately respond to the signal.

If at any time while part of the department is in service, an alarm should come in from another box all companies waiting for second and third alarms will immediately respond after the first round has struck out.

Two distinct blows on the bells after an alarm has been given is a signal that the fire is out and all companies in waiting, or those covering some other company, will be dismissed.

BOTTLED WITH ESPECIAL CARE
AT OUR BOTTLING ESTABLISHMENT
IN ROXBURY,

WE ARE TRYING TO GET AS NEAR AS POSSIBLE
TO THE PHYSICIAN'S IDEA.

Combining these two—

A MILD STIMULANT;

A WHOLESOME, NUTRITIOUS TONIC.

Such is our NORFOLK CABINET LAGER. It has been prepared with the special desire to supply to the medical profession a brewing of hops and malt which should have a lower per cent. of alcohol, making a milder stimulant for their patients than ordinary Lager beer, but maintaining the wholesome tonic action so much desired.

We have taken great pains to secure the finest and choicest barley malt for this special brand (NORFOLK CABINET LAGER) and use only the first quality of hops from the finest hop-growing districts, and by treating them in the proper manner we have succeeded in preserving in our Cabinet Lager the full, rich aroma of the hops so much desired by connoisseurs.

It is bottled in handsome white bottles, the stoppers of which are the seals, which are used once only and then discarded. This is the cleanest and most desirable way to close lager beer bottles.

We especially seek to introduce this brand of Lager Beer to families who are fastidious in their selection, and will appreciate a high-grade brewing which combines the important essentials named at the head of this circular.

A trial order is solicited.

BOTTLED WITH ESPECIAL CARE

IN ROXBURY,

The Norfolk Ales and Porter have gained their reputation for "PURITY AND STRENGTH" through our always adhering to our trademark, and manufacturing Ales and Porter which in regard to quality are second to none. Knowing that the public is the best judge, it has been our aim to produce an article which is absolutely pure and nutritious, and the result has been that a case of

Norfolk Golden Ale (Blue Label) is regarded as a household requisite in many families.

Our India Pale Ale will be found in every respect an article of unequalled brilliancy, fully matured and of most delicate flavor, in the manufacture of which only the choicest materials have been used. PORTER is recommended by all leading physicians as extremely beneficial to the human system. It has for years been our object to brew and to place before the public an article which would recommend itself. A trial of

Norfolk Extra Stock Porter will leave no doubt in the minds of our patrons that we have succeeded in brewing a Porter the qualities of which cannot be excelled.

Boston & Bangor Steamship Co.

The oldest established Steamship Company in the United States, having commenced regular communication between Boston and the landings on Penobscot River in the year 1824, which it has maintained with constantly increasing facilities for more than 75 years.

The Steamers now in service are the

City of Bangor,

CAPT. OTIS INGRAHAM.

Penobscot,

CAPT. MARCUS PIERCE.

Mount Desert,

CAPT. F. L. WINTERBOTHAM.

During the Summer (or from the middle of June to the first of October) steamers leave Boston at 5.00 p. m., and Bangor daily, except Sunday.

From October 1st until late in December, three passages a week are made; in the winter there are two steamers a week, and upon departure of ice in the spring, three trips a week are made.

The regular landings on Penobscot River and Bay are Bangor, Hampden, Winterport, Bucksport, Searsport, Belfast, Camden, Rockland, Stonington and Mount Desert.

All the steamers of the line are fitted and furnished with all the modern appliances for the comfort, convenience and safety of passengers.

Moderate rates for fares and freight have always been maintained; the officers and agents are noted for their courtesies to passengers and the line has always had the commendation of all along the route.
