New Bangor Street Directory

EXPLANATIONS AND ABBREVIATIONS.

Giving the location of the Streets, Avenues, Parks, Squares, etc., and showing what other streets and avenues run from them, or across them, with the number at which they intersect.

The system adopted for numbering the streets of Bangor is, that a person starting at the beginning of any street and following along with the numbers, every even number will be on the **left** hand and every odd number will be on the **right** hand.

This Street Directory indicates at a glance the proximate locality of any given number on any street, as for instance, if you desired to know about where No. 411 Main street is located, this Directory shows you that being an odd number, it will be found on the right hand side of Main street, and between Walter and Sidney streets.

Abbreviations—Av., avenue; ct., court; pl., place; rd., road; st., street; E. S., East Side; W. S., West Side; fr., from; Lt., Left; Rt., Right.

FIRST NATIONAL BANK

THE "BANK OF SAFETY AND SERVICE"

The Electric Servant

WHAT IT WILL DO IN ANY HOME THAT IS WIRED

It will sweep and dust carpets, rugs, floors, upholstery, drapings and clothing with a vacuum cleaner.

It will wash and wring the clothes with an electric washing machine.

It will dry the clothes indoors rapidly with the breeze from an electric fan.

It will iron the clothes quickly, economically and well with an electric iron—always hot and no running to the stove.

It will beat eggs, grind coffee or meat or turn the ice cream freezer or sharpen knives with a general utility motor.

It will keep any part of the house cool in summer with an electric fan.

It will provide an emergency radiator for bathroom or nursery.

It will make toast or griddle cakes on the table or boil the tea kettle or coffee percolator; or it will operate the chafing dish, waffle iron, or do any kind of cooking without fire or smoke.

It will run the sewing machine without effort.

It heats the baby's bottle and the shaving cup. It warms the bed, and offers a substitute for the hot water bag that never leaks nor grows cold.

It gives you light where and when you want it, without matches, odor, or smoke, and turned on from the most convenient point.

The Electric Servant does these things and a few dozen others without fuss or quibble, and it never quits nor demands more pay.

If your house is not wired you owe it to yourself in the interest of better living to have it done at once. We will obtain estimates of the cost without obligation on your part.
