and Specialties

FOR over sixty years we have been making roofings and other materials for farm and home. Every article on our list, therefore, may be bought with absolute assurance that it will be found thoroughly practical and reliable in every way.

EVERLASTIC MULTI-SHINGLES —Four shingles in one, each strip being as easily laid as a single shingle of any other kind. Saves labor and nails. The surface is "slated" in red or green. These Everlastic Multi-Shingles give a double thickness all over the roof, with three thicknesses where the wear is most severe. Fire-resisting.

EVERLASTIC SLATE-SURFACED ROOFING —A really splendid roofing, beautiful and artistic when laid. Slate-surfaced, yet sold in rolls. Made from the same materials as Everlastic "Rubber" Roofing with a special wearing surface of crushed-slate particles, either red or green. Makes a fire-resisting and very durable roof.

EVERLASTIC TYLIKE-SHINGLES —Same material as the Multi-Shingles, in red or green. Cut in single shingles, 8x12¾ in. Laid like ordinary wooden shingles and provide a triple thickness all over the roof. Make a beautiful, fire-resisting roof that will give long service.

EVERLASTIC "RUBBER" ROOFING —The most widely used of all our roll roofings, protecting hundreds of thousands of buildings all over the world. Tough, pliable, water-proof, and low in price. Very easy and economical to lay, as no skilled labor is required. Nails and cement packed in each roll.

ELASTIGUM —This wonderful water-proof cement has a hundred different uses. Especially useful for mending gutters, joints around chimneys, parapets, skylights, etc. It is easy to apply, is acid-proof, damp-proof, and it sticks. Can be used in wet weather.

BARRETT'S CARBOSOTA LIQUID CREOSOTE OIL —Is the most efficient wood-preservative on the market today. It combines in the highest degree ability to penetrate deeply into the wood, antiseptic action toward fungous growth and insects, and resistance to the action of water and air. Its use will cut your wood preserving bills in half.

EVERJET ELASTIC PAINT— Everjet is a high-grade carbon paint for industrial use; has no equal for protecting metal of all kinds against corrosive action of acids, alkalis, fumes, vapors, etc. Being elastic, extremes of heat or cold do not affect it. Water-proof and fire-retarding. Gives a perfect coating unbroken by pinholes or blebs. Try it.

Bangor Street Directory

EXPLANATIONS AND ABBREVIATIONS.

Giving the location of the Streets, Avenues, Parks, Squares, etc., and showing what other streets and avenues run from them, or across them, with the number at which they intersect.

The system adopted for numbering the streets of Bangor is, that a person starting at the beginning of any street and following along with the numbers, every even number will be on the **left** hand and every odd number will be on the **right** hand.

This Street Directory indicates at a glance the proximate locality of any given number on any street, as for instance, if you desired to know about where No. 411 Main street is located, this Directory shows you that being an odd number, it will be found on the right hand side of Main street, and between Walter and Sidney streets.

Abbreviations—Av., avenue; ct., court; pl., place; rd., road; st., street; E. S., East Side; W. S., West Side; fr., from; Lt., Left; Rt., Right.

Fire Alarm Telegraph — Location of Boxes

One stroke of the bell when the department is in service is a signal that more hose is wanted. Two distinct blows on the bells after an alarm has been given is a signal that the fire is out.

The Electric Servant

WHAT IT WILL DO IN ANY HOME THAT IS WIRED

It will sweep and dust carpets, rugs, floors, upholstery, drapings and clothing with a vacuum cleaner.

It will wash and wring the clothes with an electric washing machine.

It will dry the clothes indoors rapidly with the breeze from an electric fan.

It will iron the clothes quickly, economically and well with an electric iron—always hot and no running to the stove.

It will beat eggs, grind coffee or meat or turn the ice cream freezer or sharpen knives with a general utility motor.

It will keep any part of the house cool in summer with an electric fan.

It will provide an emergency radiator for bathroom or nursery.

It will make toast or griddle cakes on the table or boil the tea kettle or coffee percolator; or it will operate the chafing dish, waffle iron, or do any kind of cooking without fire or smoke.

It will run the sewing machine without effort.

It heats the baby's bottle and the shaving cup. It warms the bed, and offers a substitute for the hot water bag that never leaks nor grows cold.

It gives you light where and when you want it, without matches, odor or smoke, and turned on from the most convenient point.

The Electric Servant does these things and a few dozen others without fuss or quibble, and it never quits nor demands more pay.

If your house is not wired you owe it to yourself in the interest of better living to have it done at once. We will furnish estimates of the cost without obligation on your part.

Building Economy

doesn't mean building with the cheapest material you can get; that's the most expensive way in the long run. You will find it greatest economy to build or repair with material that will "stand up" under most severe usage, and give **longest** service and satisfaction. It may cost more to buy, but it costs **least per year** of service rendered.

We'll Help You Build Right

MORSE & COMPANY

VALLEY AVENUE **BANCOR, MAINE**

We Manufacture

The City Directory

is to the Business Man what the Bible is to the Theologian, what Blackstone is to the lawyer. It is referred to, day in and day out for the information it contains.

Why shouldn't it be

A Good Advertising Proposition

?

Every Wasted Minute Costs You Money

Whether it's your time or that of an inexpensive clerk that is wasted by using an out-of-date directory, THE LOSS IS YOURS.

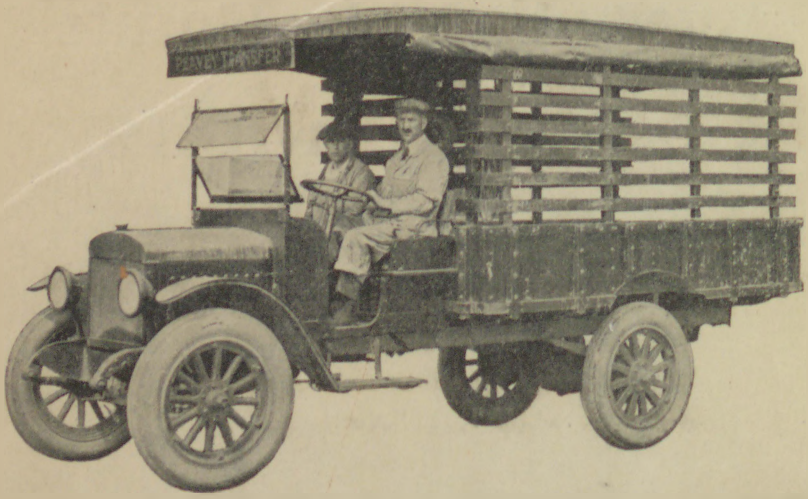

In the course of a year the time wasted usually costs far more than the price of a new directory.

Misdirected parcels or messages cause expense and annoyance.

Cut out this leak. Order a new directory at once. It will pay you bigger dividends for the money invested than many of your ventures.

The Sign Over Your DOOR

is a good thing, isn't it? You would not think of doing business without it. But it is only seen by those who pass your way. If you could put a sign where everyone could see it, would it interest you?

THE CITY DIRECTORY

is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants in the Directory, properly indexed under all headings where he might look for you.
